Developer
since March 2018
I worked as a web developer with Frameworks like Drupal and Symfony, In all this time within the enterprise I suggested begun to use tecnologies like React, Vue, Angular and Nodejs. Recently all mobile websites inside the company they've begun to migrate toward React and Nodejs. My most bigger achievement in this enterprise was make a progressive web app with all standards provided for Google like AMP. Always caring the first render time. A website made with this methodology is https://m.actitudfem.com/ .
